

# Study Semester program “Principles of Sustainable Business”

Dear Sir or Madam,

now more than 100 students from all over the world have participated in the Study Semester program “Principles of Sustainable Business”. We would be very happy to welcome students from your university for this interdisciplinary program.

In six modules per semester students will explore topics like renewable energy, life cycle analysis and climate change together with the fundamentals of sustainable business management. In addition, we will take up aspects of German language and culture.

## **Excellent conditions**

- All modules taught in English
- Fully credited with 30 ECTS points per semester
- Small courses
- Stay for 1 or 2 semesters
- Live on campus in Birkenfeld, Germany
- No tuition fees

## **Organization**

Summer Semester: April – July

Winter Semester: October – January
